

WEEK 9 TERM 2 2019

Kia ora koutou Tinui whānau and friends!

As the penultimate week of the term comes to an end we are busy writing Term 2 reports in which we will be reporting to you on your child's numeracy and literacy progress as well as general comments and next learning steps. If you would like to discuss your child's report there will be an opportunity to do so early next term so watch this space for times and dates.

You may be aware that we are about to embark on the refurbishing of Room 2 and making it into a Maker Space / STEM (Science, Technology, Engineering and Mathematical) teaching space. This is very exciting as it will give us a space for students to use the STEM equipment we won last year in a designated area. It will also enable us to have other schools visit us and use this resource alongside our students which will give them more opportunities to interact with a variety of other students from different schools.

We have had 2 expressions of interest from local builders to take on the project and hopefully we will be using our fresh new learning space near the end of term 3!

Finally I'll leave you with this pearl of wisdom.

"If we treat others as we would want to be treated we will all get along just fine."

If you need to contact me please do so at school or on principal@tinui.school.nz

Have a great weekend!

What does **Enthusiasm** mean ?

Giving everything a go and not have a bad attitude toward anything, and even if you don't like it try your best.

If you don't succeed don't stay down and give up, get up and try again.

Always try something new. If you think it is dumb still give it a go, you might even like it.

Always enjoy yourself in whatever you do, and invite more people to join in what your doing.

Patrick Yr 8

I think that it is to give everything a go and to not give up and to be resilient. Like when you are in class and you get a hard thing in your work do not give up. Get help and ask the teacher and try your hardest to get it right and get it done.

Zarn Yr 8

1. I think enthusiasm is do your work don't say "Na it's boring."
2. Enjoy meeting challenges.
3. Don't give up on your work
4. Be resilient in your work
