

WEEK 7 TERM 4 2019

Kia ora koutou Tinui whānau and friends!

By now you will know that Ms Broderick is leaving Tinui School at the end of the year to take up one of the newly created Learning Support Coordinator positions where she will be liaising with various agencies to support the learning, behavioural and social needs of students at Masterton Intermediate. We are very sad to lose Ms B and will miss her!

I can announce that we have appointed Mr Simon Couling to teach in Room 3 next year. Simon is currently a teaching principal in the Hawkes Bay area and is an experienced teacher. Simon has experience in teaching all primary year groups so will be an awesome asset to our school. You will all get a chance to meet Simon at our whānau afternoon Early in Term 1 next year.

We have another busy week next week with the Room 4 Big Day Out on Wednesday. The kids are really excited about this.

We are also very excited that our refurbishment of Room 2 will start on Monday!

If you need to contact me please do so at school or on principal@tinui.school.nz Have a great weekend

INTRODUCE ANOTHER COUNTRY INTO YOUR HOME - HOST A STS STUDENT IN JANUARY!

Niklas from Sweden -

Niklas is half Dutch/half Finnish and moved to Sweden in 2014. He enjoys playing instruments, such as guitar, drums and piano. He enjoys sports including sailing, hiking, snowboarding and skiing. Niklas is here for a yearlong exchange.

Matheo from France -

Matheo lives in Africa with his family but is from France and attends a French school. He enjoys scuba diving, snow-sports and running amongst many other sports. He likes spending time with family and friends, reading novels, watching movies and caring for animals. Matheo is here for a semester length exchange.

Contact us for more details or to apply to become a host family today!

It has come to our attention that some students in the school may have head lice and we would appreciate your cooperation in checking your child's hair this weekend and

treating your child's hair if necessary.

Head lice do not transmit infectious diseases - they are transmitted by having head to head contact with someone who has head lice. You may be reassured to know that head lice are commonly found in places other than Tinui School. Head lice are common in school-aged children and are the most adaptable of creatures. They have survived living solely on humans for 10,000 years!!!!

What can you do?

1. Check: Check your child's hair regularly - once a week is a good guide. In the past, teachers and public health nurses lined kids up for public and humiliating checks at school. These days schools don't do checks so it's up to you to check at home.
2. Treat: If you find live lice or unhatched eggs, treat your child as soon as you can. Your chemist can advise you on the best way to deal with the problem. Treatments don't need to be expensive, although they can be time-consuming, for example using a fine-toothed comb every day.
3. Inform: Let us know when your child has lice or nits. They can then tell other parents that there is an outbreak, so everyone can check and treat their own children. We can make adjustments in the classroom - such as removing the 'dress-up' box until the infestation is over, or reducing close group work where students' heads are touching. If we can't get the outbreak controlled we will work with the public health nurse.
