

# NUMBER 22, TERM 3, 2021

Hello to all

This week it has been back to business as usual. On Thursday Room 3 will be going on a field trip to visit the Fire Station in Masterton as part of the FireWise programme. They will also be visiting a wetland. Unfortunately the weather may not cooperate so there may be a postponement with the decision to be made on Wednesday afternoon.

Electives are starting again next week. We have had a good response from the community to support this programme and because of this we are always able to offer new activities for the kids. It is such a joy to see the students experiencing, and learning about things they may otherwise not be exposed to.

There will be some major construction work taking place in the near future at the school. This will restrict where the children can move around at school, and access to some areas will be completely off limits. I will give more information on what this will look like closer to the start time but the inconvenience will be worth it to have a new toilet block with a shower and a revamped dental clinic/kitchen area.

In the Senior Room they are doing some very cool science. They are using chemical reactions with common ingredients found at home to investigate mixture, bubble processes, emulsions, solutions and suspensions (all parts of cooking!). From this they will be baking a vegetable cake using the

knowledge they have gained from these experiments.

That's all from me this week

Simon  
Principal, Tinui School

Please remember if you have any questions, queries or concerns please contact Simon Couling at school on [principal@tinui.school.nz](mailto:principal@tinui.school.nz) or Mieke Couling on [miecec@tinui.school.nz](mailto:miecec@tinui.school.nz) or Sam Shackleton on [sams@tinui.school.nz](mailto:sams@tinui.school.nz)

*\*\*\*Wanted\*\*\**

*Lemons, lemons, lemons..... if there are any spare ones on your trees, the cooking group will be requiring these for Electives next week.*

*Jars - for taking the above preserves home in. We would prefer smaller to medium sized ones please.*

*Thank you.*

# NUMBER 22, TERM 3, 2021

## Hi Tinui School

This spring Masterweave Textiles, a local weaver of Mohair, Alpaca and Wool throws has embarked on a project to give back to our local community.

We understand that many children attending your rural school will have pet lambs to look after. They feed, play with, and love these lambs.

Our textile waste is currently recycled offshore, and we thought a perfect use of our seconds and by-product would be to supply local school children with free warm colourful coats for their pets. Made from Mohair, Alpaca and Wool these coats will add a layer of warmth that the lambs miss out on not having a mum to cuddle up to.

I will be distributing coats of various colours and patterns to all rural Wairarapa schools. However if you would like to ensure your school does not miss out and you would like to receive some free jackets send me a message

Kind Regards

Kylie Blyth

## *TINUI PLAYGROUP AGM*

*11am, 18th August 2021*

*All welcome, faces old & new!*

*Please contact Katie Williams on*

*06 372 6966 for further enquiries.*

## Important Dates

5/8 Rural Kids  
5/8 BoT Meeting

## Kids News It Up

On Friday it was Red Nose Day. Everyone in the school got a red nose and Ms Shacklton read a red nose story to everyone. The story was about a child that had an illness and sadly passed away from the illness. On Monday and Tuesday Room 4 did some experiments. And some of room 3 helped. We mixed baking soda with other ingredients like apple juice, orange juice, soy sauce, milk and water. It was interesting to see what happened to the ingredients. Some just bubbled a bit but the orange juice foamed so much it nearly went over the cup. On Tuesday, Room 4 had a plate of milk with some food coloring dropped into it. We then held a cotton bud with dishwashing liquid in it. It was cool.

## Sport

In hockey East Coast won 1-0 against Hadlow and there were some very amazing saves.

In rugby East Coast won 2 to 5 to Carterton and also won 4 to 2 to Eketahuna.

By Bryn and Neveah.

# NUMBER 22, TERM 3, 2021

## *Student work from the week....*

Last Thursday, Jack and Lockie and I went to Palmerston North. We had to go for a 2 hour drive, then we were at Palmerston North. First we went to the playground. I went on a flying fox it was a slow one. Me, Lockie and Jack all went on a climbing rope. Me and Lockie went on the outside. After that we went to line up to see the Black Caps. We saw Ross Taylor and Will Young we got an autograph with Ross and Will. We got an autograph with the mass, then we got to Masterton. We went to McDonalds. Jack burped all the way home because he drank too much coca cola.

By Thomas (& Lockie)

## THE LAMB

It will be as large as a dog when it grows up.  
It is white but they do come in brown and black.  
It is covered in wool.  
It makes a baa sound.

By Reuben

The waves are splashy, the sun is hot. Hot sand between my toes. I smell the salty sea. I hear the scrunchy sand under my feet. I taste yummy food. I got a cold drink. It is refreshing on a hot hot day. I went for a swim in the sea. It was burning hot. My house is by the sea. I like being by the sea.

By Chrystal

*I would go to a place where There is lots of sand. It's always sunny, never windy or cold. There's lots of coconut trees everywhere. The nice salty water is always calm and the waves are always as smooth as a baby's bottom. My favourite part is the square thing that puts a roof over my head. The hard side of the square thing is the colour of a whiteboard. The thing that puts the roof over my head is as beautiful as a nice marble bench and the light is as pretty as a sun with crystals around it.*

By Payton

## A Thing

Long and tall it is taller than a two story house. Something grows on it. It uses water and sunlight. It has roots in the ground.

By Alexea

Spinning, spinning hot and sticky is soft and fluffy as a big pink cat.  
yum it's dissolving in my mouth I could eat it all day the Circus.

By Jane.
